GENTEXT/REMARKS/1. THERE IS CONFLICTING INFORMATION IN REF A CONCERNING FOLLOW-ON WBGT (WET-BULB-GLOBE TEMPERATURE) SURVEYS. THIS MESSAGE PROVIDES INFORMATION TO CLARIFY REQUIREMENTS FOR FOLLOW-ON SURVEYS BEING CONDUCTED THE FOLLOWING DAY.

2. PARA B0204C(5) WAS INTENDED TO BE IN HARMONY WITH THE KEY REQUIREMENTS SPECIFIED IN THE PARA B0204C(5)(A) AND (B). THE WORDING IN PARA B0204C(5) IMPLIES A FOLLOW-ON WBGT SURVEY EVERY DAY. HOWEVER, THE INTENT OF THE INSTRUCTION IS TO BASE FOLLOW-ON WBGT SURVEYS ON THE DRY BULB (DB) AND WET BULB (WB) REQUIREMENTS SPECIFIED IN PARA B0204C(5)(A) AND (B). SIMPLY PUT, PARA B0204C(5) WOULD BE BETTER WRITTEN AS, "ONCE A HEAT STRESS SURVEY HAS BEEN CONDUCTED, FOLLOW-ON SURVEYS FOR THE REMAINDER OF THAT DAY AND FOR SUBSEQUENT DAYS SHALL BE ACCOMPLISHED AS IDENTIFIED BELOW IN PARAGRAPH B0204(5)A."

3. IN REF B, PRESINSURV CONCURED WITH THE INFORMATION IN PARA 2.

4. WE WILL UPDATE REF A TO INCLUDE THE INFORMATION ABOVE DURING THE NEXT REVISION CYCLE.//
